

JOHN DENVIER ALNGOG

“Partnering with you for growth and efficiency. Your business partner, virtually at your service.”

Hey, and the first thing you should know about me is...

YOUR VIRTUAL PARTNER FOR YOUR SUCCESS!

+63 915-352-0025

denvieralngog10@gmail.com

Davao, Philippines

SPECIALIZATION

- SOCIAL MEDIA MANAGEMENT
- EMAIL MANAGEMENT
- CUSTOMER SUPPORT

SKILLS AND ABILITIES

- MANAGEMENT SKILLS
- VIRTUAL APP SAVVY
- DIGITAL MARKETING
- NEGOTIATION
- GRAPHIC DESIGN
- MARKET RESEARCH

DISCPROFILE TEST

The Planner - SC

The Investigator - ISTJ

The Caregiver - 2

I'm not a marketer. I'm not an expert in sales, either. However, I worked in the BPO industry for four years to support my studies in college. I have not finished my degree yet; I'm still an undergraduate pursuing a Bachelor of Science in Information Technology. Yet I just want to work for knowledge and experience in this field.

In fact, the only thing I consider myself an “expert” is being your virtual assistant for your success.

Here are some tasks that I'm capable of doing...

- Managing WordPress Website (Uploading blog posts, creating images)
- Creating Social Media Images (Posters, Memes)
- Managing Email Campaigns (Mailchimp)
- Managing LinkedIn Profile account
- Prepared presentations for Prospect Clients (Powerpoint)
- Building engagement and Trust via Social media Platforms
- Manage YouTube accounts (Edit Videos, Creating Thumbnails, Inserting captions, write descriptions).
- Gather data for Efficient Business Strategy and Decision Making
- mprove customer relations (Customer support, Refunds, etc)

And here are what people are saying about me...

“Thank you for working in Veratex Telemarketing Services as my Team Leader, Content Creator, and Social media manager for 2 years!”

-Ra Dela Torre, Founder of Veratex Telemarketing Services

“Excellent in cold calling, customer support, and expert in call handling.”

-Ra Dela Torre, Chief Operating Officer of Champ Global Services

“Thank you for inputting the data into our Database!”

-Mallet Arobo Director of Girl Scout of the Philippines Region 11

WEBSITE PORTFOLIO AS INFORMATION TECHNOLOGY STUDENT

About Me

Hello, I'm **John Denver Alngog**, a passionate and ambitious individual with a strong interest in software development and a vision for success.

I hold a Bachelor of Science in Information Technology from Davao Central College, where I gained a solid foundation in computer science and technology. While I am still in the early stages of my career, I have been actively exploring the world of web development, specifically focusing on HTML, CSS, and JavaScript.

I have successfully built functional websites and have delved into the backend aspects, utilizing MySQL and PHPAdmin for database management. As I continue to grow, I am eager to expand my skill set by mastering JavaScript and Python in the coming months.

My ultimate goal is to become a skilled software developer and establish my own business. I am driven by a passion for creating innovative solutions that address real-world challenges. I believe that software has the power to transform industries, enhance user experiences, and drive business growth. With every project, I strive to deliver high-quality, efficient, and user-friendly applications that exceed expectations.

In envisioning my future, I see myself working in a prominent company in the software industry, honing my skills alongside experienced professionals and contributing to impactful projects. Over the next 5-10 years, I aim to continue learning and growing, taking on increasingly complex and rewarding opportunities. I am motivated by the prospect of personal and professional development, as well as the financial rewards that come with success.

I understand that the path to achieving my goals requires continuous learning, dedication, and perseverance. I am committed to staying up to date with the latest industry trends and technologies, and I actively seek out opportunities to enhance my skills. By embracing new challenges and expanding my knowledge base, I am confident in my ability to make a significant impact in the world of software development.

Thank you for taking the time to learn more about me. I invite you to explore my portfolio to see some of my projects and get a better sense of my capabilities. If you're looking for a motivated and aspiring software developer to collaborate with, I would be thrilled to connect with you and discuss how we can work together to achieve our goals.
